

Ten Frame Pumpkin Concentration

Copy on to orange paper or card stock. Laminate if desired. (Have students cut out the cards for cutting practice!) Students play concentration, matching the written number to its corresponding ten frame. For the first several rounds I recommend playing with only the pairs from 1-12. Include more or all of the pairs for an added challenge.

Teaching Ace

I am committed to providing teachers with relevant and useful instructional materials and activities that inspire creative and critical thinking while building authenticity in the classroom.
